

Privacy Policy – MotherSHIPP

- **Overview**

For the purpose of the MotherSHIPP app, Realtime Apps does not collect or store any user data. The information we collect is used only to improve the content and quality of the app, and is not shared with or sold to other organizations for commercial purposes.

- **Information Gathering and Usage**

You will have to register for the Parenting Study with the University of Delaware and fill out the necessary paper consent form. No personal information or personal account will be created in relation to the MotherSHIPP app. Realtime Apps is not privy too and does not collect or electronically maintain any of that information. The app only collects non-user specific usage information to help improve the content and quality of the app.

The University of Delaware will provide the necessary review and approval of each individual participating in the study and will assign a Study Number which will be used as an analytical identifier to a group of enrolled users to help better app performance. No personal information or identifiers will be collected, tracked, or sold.

- **Questions**

[Realtime Apps](#) developed the MotherSHIPP app for the University of Delaware's parenting study.

Any issues or questions about the app's functionality should be submitted to questions@realtimeapps.com.

Links pertaining to the study are listed below. Any questions addressing the study or content should be sent to the correct contacts provided in the links.
